Churches Plan Services For Easter Day

To Greet Morn With Strains from Tower of New Church

Special Music to Be Featured in Programs for Local Congregations

Strains of "The Holy City," rising over the city with the first rays of the sun will break the glad tidings of Easter to residents of Sierra Madre Sunday morning. A brass quartet, stationed in the tower of the Congregational Church, will herald the tidings of the King's resurrection, and the old bell, moved from the former church building, will toll from the belfry of the new church for the first time.

The quartet, which will play not only "The Holy City," but also several hymns, is composed of Misses Bernice Line and Margaret Ladd, trombones, and Chas. Davis and Donald Blanke, trumpets. The young musicians have been rehearsed by Gus Rihard, who directs the Sunday school orchestra.

The music will be the only form of sunrise service in Sierra Madre proper, Bethany Church having arranged a special Easter morning service at Marlborough Terrace, in the canyon, to begin at 6 a. m. All churches of the city will have special music and Easter services during the day, and in the evening.

Mrs. Rarig, a newcomer in Sierra Madre, will sing the special mass by Roewig at the 7 o'clock service at St. Rita's Church, according to announcement made by Father Hyacinth. Mrs. Rarig was formerly soloist for the Paulist choir in San Francisco. Mass will be held at 9 o'clock, and special devotionals for St. Rita at 3:30 in the afternoon.

At the Congregational Church, the Rev. A. O. Pritchard will take as his Easter topic at the 11 o'clock service, "The New Life." There will be special music, "Hosanna," Gains, by the choir, and a solo, "Consider the Lilies" by Mrs. D. C. Ashmore. In the evening the pastor will give an Easter meditation on "Great Hope." The choir will sing "God So Loved the World," "The Holy City," by Joe R. Eastwood; "Gethsemane," by Mrs. Ashmore, and a duet, "Christian the Morn Breaks Sweetly Over Us," by Miss Cook and Mr. Jack Buchan, will be featured.

The regular service at 11:00 o'clock will be held at Bethany Church, Rev. William Duncan Ogg taking as his theme, "The Resurrection of Jesus Christ." Samuel Kirk will sing "There Is a Green Hill Far Away." An immersion service will follow the service.

The cantata, "Olivet to Calvary," will be a feature of the evening service at Bethany Church and the choir will be assisted by Mrs. May Floyd, soprano, and Roy Stevens, tenor. There will be Easter programs in each department at Sunday school.

At the Episcopal Church, Gounod's "St. Cecilia's Mass" will be sung at 11 a. m., with the anthem "If Ye Then Be Risen With Christ," the organ prelude, "I Know That My Redeemer Liveth," and postlude, "Easter March." There will be holy communion at 6:30 a. m. and at 8 a. m., with Children's festival at 3:30 and Evensong at 7:30 p. m.

William Miller Dies After Long Illness at Home

A large number of friends attended the funeral services held at Grant's Undertaking Chapel Monday afternoon at 3 o'clock for William Miller, son of Mr. and Mrs. W. J. Miller, 67 West Highland, who passed away early Saturday morning after an illness of more than eight years.

The young man, who was twenty-seven years old, had been the victim of a peculiar disease, commonly known as "sleeping sickness" and has been practically helpless for the last few years. With his parents and one brother, "Allie" Miller, he came to Sierra Madre fifteen years ago from Lucknow, Canada.

Funeral services were held at Ray A. Grant's, with burial at San Gabriel.

Dean William C. Shaw is spending a few days in Santa Ana, where he will conduct Easter services at the Episcopal Church.

R. S. Jensen Is Again to Serve On School Board

Lack of activity in the school election, held last Friday in the school house, for the election of one trustee, was evidence of community willingness to have R. S. Jensen, board member, again serve in that capacity, according to school officials.

The polls opened in the kindergarten building at 9 o'clock and remained open until 7, but during that time only forty-seven people cast votes. The election was uncontested, Mr. Jensen's splendid service as a member of the board winning unanimous approval.

Mr. Jensen was persuaded by his colleagues to serve for another term, and his knowledge and interest in school affairs is fully understood and appreciated, not only by the other members of the board but by the community in general.

Bethany C. E. To Take Part In Convention

Local Young Folks Attend Sunday Rally at Pasadena

Bethany Church Christian Endeavor is to take an active part in the thirty-sixth annual convention of the county C. E. April 20, 21 and 22 in Long Beach, according to members, and a number of young people attended the pre-convention rally Sunday in Calvary Baptist Church of Pasadena. At that time groups from all over the Pasadena district were present for the rally.

Information regarding the convention was furnished by Ralph Ramby, Long Beach, president of the county organization. He stated that plans are being made to accommodate 4000 delegates at the various sessions, and that many speakers of prominence had already been secured.

At Sunday's meeting devotionals were conducted by Rev. William Duncan Ogg, pastor of Bethany church, and Jesse O. Smith, also of the local church, was one of the speakers. There were addresses by three of the past presidents of the California Christian Endeavor Union, Mr. Smith, president in 1903, Leon V. Shaw, president in 1905, and Arthur Gatter, head of the organization in 1913.

Graeme Smith, son of J. O. Smith, presided over the latter half of the meeting as president-elect of the Pasadena district union, receiving the gavel from Carl W. Sundstrom.

Funeral Service Held Tuesday at Inglewood Church

Funeral services were held Tuesday morning at 10:30 at Inglewood for Mrs. Lola C. Laurie who passed away at her home Saturday morning. Mrs. Laurie came to Sierra Madre six months ago for her health, and was joined week ends by her husband, G. H. Laurie, who is employed at one of the beaches.

Mrs. Laurie, who was 24 years old, was prominent in Inglewood church circles, and services were held at the Christian Science church in Inglewood. She leaves, besides the husband, a mother, one sister and two brothers. Ray A. Grant was in charge of funeral arrangements.

Reckless Drivers To Be Punished

A campaign against reckless driving is the program for April, as outlined by the public safety conference education and enforcement work in connection with the campaign, and attention of motorists is called to the section of the California vehicle act pertaining to this violation.

"Any person who knowingly and wilfully drives any vehicle upon a public highway, either without due caution and circumspection or in such a manner as to endanger the life, limb or property of any person, shall be guilty of reckless driving."

Accident records show that reckless driving is increasing and much loss of life and property is the result. Local officers have been charged with the necessity of watching for all cases of motorists who violate expressed road rules, to the endangering of the lives and safety of other motorists.

Campaign for City Offices Nears Close

Local Interest Centers on Number of Voters Who Will Cast Ballots

Slight Undercurrent of Feeling Develops As Election Day Nears

With fourteen hundred registered voters in the city of Sierra Madre, there should be a record number of votes cast at the municipal election, Monday, April 9, especially as several of the offices are contested. The polls will open at 6 a. m. and will close at 7 p. m. Voters in precincts Numbers One, Two and Three will cast ballots at the city hall, while those in Precincts Four, Five and Six will vote at 34 North Baldwin.

Two members of the city council will be elected for the full term of four years, and Henry Isaacs, David Morton and Albert Myers are candidates for these offices.

Two members will also be elected for the short term of two years, and the candidates are Col. Herman Hall, Carl Olson and Wilbur F. Thayer, Jr.

For city clerk, the incumbent, Louis Dietz and Fletcher White are candidates. Carlton J. Pegler is a candidate for re-election to the office of city treasurer.

While no active campaign has been waged by any of the candidates, there is said to be considerable undercurrent which should result in the polling of a large vote. Regardless of the merits of the candidates, however, it is being urged that every registered voter do his full duty on Monday.

Dynamite Is Left at Dam By Workmen

Boys Uncover Explosives Left at Dam in Santa Anita Canyon

A boys' natural curiosity Monday uncovered what at first was believed to be a plot to dynamite the Santa Anita Dam, but which since has been discovered to have been only negligence of workmen, who left four pieces of fuse with dynamite caps attached, in a rock ledge above the dam.

Linden Murray, 15, and Manuel Silberman, 13, released from school activities for the week, found the explosives while hiking in the mountains, and reported their find to the local police, who in turn notified the explosives squad of Los Angeles county.

After a complete investigation Wednesday, it was discovered that the dynamite had been cached in the crevice by workmen, who later failed to remove it. Only a pair of boys, with eyes athirst for anything in the line of adventure and mystery, would have found the fuse, according to Chief of Police Keegan, who stated that the dynamite had been well hidden in the shelter of an overhanging rock, so that not even the weather had damaged it.

The lads, spying a rope dangling over a rock, climbed to the top, where they found the dynamite, hidden from sight of those on the trail below.

Long Illness Is Ended by Death

Mrs. Susan S. Samuels passed away Wednesday morning, April 4, at her home on Suffolk Avenue. Although she had been confined to her home by illness while in Sierra Madre, Mrs. Samuels had made many close friends, who are grieved at her death. Her fine personality, her genius for friendship and her keen interest in world affairs were rare in their quality.

Funeral services will be held Friday at 3 p. m. at Grant's Chapel, with Rev. A. O. Pritchard officiating.

Mrs. Samuels was born August 18, 1843, in Pappan, N. Y., and came to Sierra Madre with her daughter, Miss Jessie E. Samuels, in 1924, from Portland, Oregon. She leaves one other daughter, Mrs. C. J. Chamberlain of Santa Monica.

COLORFUL KITES HIDE SUN FRIDAY AT SCHOOL HOUSE

Big kites, little kites, black kites, white kites and red kites floated over the school building Friday afternoon when youngsters of the school were dismissed at 2:30 to hold a "kite tournament."

The kites had been made under the supervision of the art teacher, and were finished with beautiful designs in bright colors. They varied in size from two inches to five feet, and in design from images similar to those on totem poles to pictures of flowers and birds.

Contestants in the tournament lined up in the school yard for pictures, taken by Lindley Eddy, so that a record might be kept of the handiwork. Not only were the kites beautiful, but they were air-worthy, and soared skyward until the air was filled with colorful kites which darted hither and yon at the caprice of the breeze.

A few tragedies occurred, as was to be expected with airmen gathered in such numbers, but the wreckage was only incidental, when compared with the success of the tournament.

Speaker From Monrovia at Kiwanis Club

Substitute Speaker Makes Splendid Talk at Meeting of Business Men

"Bill" Feeler, past president of the Monrovia Kiwanis Club, and head of the science department of the Monrovia high school, was the speaker at Tuesday's Kiwanis luncheon. Although he came as a pinch hitter for Bob Radford, who had been announced as speaker, he made such a splendid talk that his hearers wondered what he would do with a lot of time for preparation and a running start. He was introduced by President Webster.

Training for leadership is the big idea in Kiwanis, according to Mr. Feeler. True understanding of Kiwanis ideals and methods will cause the individual member to take a new attitude toward community problems, to get away from the selfish point of view, to develop a new vision and to assume responsibility of a share of community enterprise.

W. A. Chess, veteran Monrovia banker, who is well known to Sierra Madre pioneers, was present with Mr. Feeler. He was introduced as the only honorary member of the Monrovia Kiwanis Club, and paid high tribute to Kiwanis influence in community welfare.

Tom Tyler, chairman of the program committee, announced that Fred Blair of the Los Angeles Kiwanis Club, will be the speaker next Tuesday, using motion pictures to illustrate his talk. Mr. Blair is manager of the Goodwill Industries and will tell about the development of this institution which has a volume of business amounting to a quarter million dollars annually.

Cantata To Be Sung at Church Friday Evening

The famous Easter cantata, Stainer's "Crucifixion," will be presented at the Church of the Ascension this evening at 7:30, by the choir. There are a number of splendid voices in the choir, including the soloists for the evening, who are Mrs. Randolph Wood, Hall Perry, H. C. Lieben and David Buchan. In all there will be twelve people in the chorus.

The music of the cantata is full of the poignant sorrow which lay over the world in the hours following the crucifixion of the Christ, and is widely used during the pre-Easter services.

J. B. Duffy, general passenger agent for the Santa Fe, and Mr. Beck, chief clerk, were in Sierra Madre Thursday afternoon conferring with the local representative, S. R. G. Twycross.

Miss Elizabeth Johnston of Los Angeles is spending her Easter vacation at the home of Mr. and Mrs. Laidlaw on Sunnyside Avenue. Dr. Laidlaw and her guest went to the Mt. Wilson resort today.

U.S.C. Head Will Address Church Club

Noted Speaker to Be the Feature at Dinner Meeting

Men's Community Club Hosts to Big Gathering on April 19

Announcement of President R. B. von KleinSmid of the University of Southern California as the speaker at the Men's Community Club dinner Thursday night, April 19, has attracted interest in unusual degree. "I have been wishing a long time for an opportunity to hear him and I don't want to miss the chance when he comes to Sierra Madre," is a comment frequently made. The suggestion is often added that it would be a serious reflection on the intelligence of the men of Sierra Madre if he were not greeted by a large audience.

The fact that Leslie Gaze is to sing on this occasion has also aroused keen interest. An who have heard Mr. Gaze pronounce him as one of the most thoroughly delightful singers in their experience. This will be his first public appearance in Sierra Madre.

The fact that this will be a stag affair does not meet with the approval of the women of Sierra Madre, who regret their inability to share this delightful program. However, the dinner was planned as the housewarming event of the Men's Community Club in the social hall of the new church. The club officers felt the occasion should be one planned especially as an event to promote a spirit of fellowship among the men of the entire community. Tickets may be obtained at Hartman's the Sierra Madre Hardware company, or the News office.

Find Body of Missing Man In Mountains

Harlan Johnson Identified by Bandage on His Arm

A body, discovered by hikers Sunday on the trail three miles back of Bailey's Canyon, was identified by the coroner's jury Tuesday at Morland's Mortuary, as that of Harlan Johnson, concrete worker of Long Beach, who wandered from the Rosemead Sanitarium near Alhambra last January.

An extensive search of several months' duration was ended by the discovery of the body in the same territory which had previously been combed for the missing man. Johnson disappeared from the sanitarium following several operations to cure an infection which had set in at the elbow of his left arm, after it had been broken.

At the time of his disappearance, word was sent to all newspapers in the district, asking that people be on the lookout for him, and the News printed one of the notices.

Johnson leaves a wife and one small daughter, who have been living with his brother, Boyd Johnson, in Alhambra, and who have been anxiously awaiting some word of him.

The body was discovered by W. G. Kehl, who was with a party of four Los Angeles people, and when found was in such condition that it could be identified only by the bandage around the left arm. One shoe and one stocking were lying on the ground near by, and it is believed that Johnson had taken them off just before he pitched over on his face, where he laid for some time before attempting to crawl under the shade of some bushes. The coroner's jury decided that death came from exhaustion and starvation.

Johnson is believed to have been crazed by the pain in his arm, and depressed by the length of time it had taken to heal. Suffering from the pain and mental depression, he is believed to have left the sanitarium during the night, and wandered into the hills, where he became lost, and in his weakened condition was unable to make the trip out.

Masons Plan for Large Attendance at Tuesday Dance

The Masonic dance and card party to be held next Tuesday night will be the first affair of the kind in two years. The dance has been an annual affair, but last year's dance was omitted because of the pressure of activities in connection with the Wistaria Fete. The Masonic dance has won a reputation as an always enjoyable affair. As the first important social event after Lent it seems certain to attract a large crowd.

The Masonic Temple will afford a delightful setting for the party, and the decorative scheme will be out of the ordinary. The committee on favors has also been planning to add its bit to the novelty of the occasion.

Cards will be enjoyed in the lodge room on the second floor. This feature of the evening's entertainment will receive more attention than has been customary so that all who come will be certain of diversion for the entire evening.

Architecture To Be Topic Of Club Talk

Captain Dudley Corlett Will Lecture Before Women of Community

Although guest privileges will be suspended by the Woman's club on the afternoon of Capt. Dudley Corlett's lecture, which is scheduled for Wednesday, April 11, at the club house, the affair is open to the public and tickets will be sold at the door. In addition to Capt. Corlett's illustrated lecture on "The Mayan and American Architecture," there will be a fine art exhibit and an address by C. J. S. Williamson of the Los Angeles Chamber of Commerce.

The principal speaker, Capt. Corlett, has been until recently lecturer for the university extension department, U.C.L.A., and is an archaeologist of note. Twenty years in India and Egypt, as well as several years in Central America, give him an exceptional insight into prehistoric architecture. He emphasizes the existence of a distinctive American architecture, indigenous to the Southwest and developed from the Mayan era and its remarkable civilization.

An exhibit of Mayan fabrics modern adaptations and art objects will add to the interest of the lecture. The program is presented by the current events section and the art section of the club.

Mr. Williamson, who has been secured by Mrs. W. J. Lawless, is manager of the real estate, city and county planning department of the Los Angeles chamber of commerce. He has had wide experience in regional planning work and has the facility for presenting his ideas in a most interesting manner. The program will commence at 2:30 o'clock.

Special Services to Be Held at Church Of the Ascension

At the Church of the Ascension today, the three hours of Jesus' suffering on Calvary, from noon to three o'clock, will be observed at those hours with addresses on Christ's words from the cross, prayers and hymns. Throughout the day, the altar will be bare of linens and hangings, typifying the nakedness of Jesus on the cross when His executioners divided His garments among them. The altar cross will be veiled in black, the tabernacle open and empty, the candles unlit, in memory of the desolation of the first disciples when the Bridegroom was taken from them.

The sacrament of His presence, always reserved in the tabernacle for the sick and dying, will at this one time in the year repose in a "sepulchre" in the sacristy, as His Body lay in the tomb. In the evening at 7:30, the choir will sing Sir John Stainer's famous musical interpretation of "The Crucifixion." Everyone is cordially invited to attend these Good Friday devotions.

Mrs. Roberta Chambers and her daughter, Roberta, of Santa Monica, visited Thursday at the home of their aunt, Mrs. Eva Singleton on North Lima.

The life of a clam, according to the latest report, is ten years, which still gives those Sinclair witnesses about five years to go.

City Secures Property for Central Ave.

Widening of Principal Street Will Commence at An Early Date

Resolution Passed Ordering Additional Property Secured

Proceedings for the acquisition of property for the widening of Central Avenue will begin at once following the adoption of a resolution to that effect at the meeting of the city council Tuesday evening. According to the specifications, Central Avenue and its extension will be 80 feet all the way through Sierra Madre, and will be widened to at least 60 feet from the easterly limits, Santa Anita Drive, to Colorado Street, where it joins Huntington Drive.

There will be no change in the width of the avenue in Sierra Madre west of Baldwin Avenue, but to the east the street at present varies from 50 to 65 feet, and property must be secured for the widening of the street at these points.

The resolution is an outgrowth of a recent meeting of representatives from the three communities interested in the improvement and extension of the street, Arcadia, Sierra Madre and Pasadena, at which time developments were discussed. The survey is practically completed, and includes, besides the improvement of Central from Santa Anita Drive to Sierra Madre Avenue, the extension of the street south and west to connect with Huntington Drive at Colorado Street in Pasadena.

The County of Los Angeles allowed \$10,000 for the purpose of making the survey and taking care of the preliminary steps of the important project.

Famous Picture To Be Shown at Wednesday Club

One of the famous paintings of a noted artist, Thomas Moran, will be displayed for one afternoon at the Woman's Club, as a special concession, granted by Miss Whistler, manager of the Biltmore Art Gallery, who is herself bringing the canvass to Sierra Madre.

The picture is one of an early Mayan building, a small home, the original of which is still standing in Arizona, and which has been faithfully reproduced by the brush of the artist. The work is practically a drawing on canvass, and is treated in an unusual manner, aside from being an unusual subject.

The display will be part of the program being arranged by the Current Events section for the Woman's Club Wednesday afternoon, and will help to illustrate the talk which Capt. Dudley Corlett will give.

Eastern Star Has Minstrel Show at Temple Thursday

A regular minstrel show, differing from the time-honored performances only in that the principals were women rather than men, was presented in the Masonic Temple last night under the auspices of the Star Social Club. Black-faced comedienne who took part in the show were Eastern Star Matrons of 1928, from many different chapters, and Miss Eleanor Bayne, of the local chapter, was one of the "end-men."

The performance has been put on in various places, and the proceeds of the entertainments go into the treasuries of the Social Clubs. Solo numbers were given by Bessie Tedford, Larchmont chapter, Los Angeles; Ruby Sorber, Arlington Chapter, Los Angeles; Etne Nerpel, Golden State chapter; Edyth Phillips, Bethel chapter; Mabel Scheer, Coalinga chapter.

Following the show, there was dancing, participated in by the large audience, and refreshments were served at a late hour.

Miss Virginia Barbour spent last week end at Balboa Beach, where she was a guest at a house party given by one of her sorority sisters.

That's right, pay Sinclair back. Might have to call on him again this fall. — The Thomas E. Pick-erill Service.

Society and Personal

Cooked Food Sale Planned by Women—

Cooked food, candy, novelties, cut flowers, bulbs and plants will be on sale Saturday in the old City Hall building, next to the News Office, when the members of the Friendship club will have charge of the event. The club women have been working on the novelties for some time, and plan a regular Easter sale. The store will open at 9 o'clock, and will continue thruout the day. Proceeds will go toward the society's pledge to the new church.

Friday afternoon of last week the young women had an Easter party, at the church, with contests and games arranged in keeping with the season. Every woman went home with a new Easter bonnet, as a result of one of the contests. Working with crepe paper and paste, Mrs. Fritz Woehler won the prize for the most attractive creation. Other prizes were awarded for other games. Miss Jessie Dunning added to the entertainment by giving a reading from "The School for Scandal".

At the close of the afternoon, the hostesses, Mrs. Woehler and Mrs. Jean McDonough served appropriate refreshments, small cakes in bunny and chick shapes, and sandwiches with coffee.

Reunion Dinner for Eastern Guests—

Mr. and Mrs. M. D. Welsher presided over a reunion dinner party Sunday, when guests were residents of Lockport, N. Y., who are visiting in California, and former residents of that town. The visitors are Mr. and Mrs. William Bewley and son Robert, who have just arrived from Lockport to spend some time in Los Angeles. Mr. Bewley is a member of the state legislature. Other guests were Mr. and Mrs. James Fitzgerald of Los Angeles.

D. W. Pote, who has been spending part of the winter in Sierra Madre with his daughter, Mrs. Joe R. Eastwood, left Saturday for Long Beach where he will spend a few weeks before returning to Fargo North Dakota, where he will look after business interests during the summer.

Poinsettia Plants to Be Set Out—

Both the chamber of commerce and the garden section of the Woman's Club have requested that poinsettia cuttings be saved for planting in the parkways and in the yards of Sierra Madre homes. The cuttings may be procured at the non-competitive flower show and sale, planned by the garden section for Wednesday, April 18, in the club house. In connection with the cuttings, Mrs. A. R. Hinton, chairman of the section, has found the following article on "Practical Propagation," which she believes will prove useful in the work:

"Plants with milky juice are more difficult to root than some others. Two sorts of cuttings may be made of the poinsettias—hardwood and softwood. In making the hard or dormant wood cuttings, place the plants, after flowering, in a warm house, and gradually withhold water so as to allow them to ripen.

"During March, cut the canes into four-inch lengths and after the milk has stopped flowing, wash the cuttings in warm water and dip them into powdered charcoal. Place them in a moderately dry propagating bench at a temperature of 65 degrees. As soon as the roots have started, pot the cuttings in thumb pots.

"For making softwood cuttings, start the plants in April. Shake the soil from the roots of the old plants and pot in small pots. The storage plants will soon start the growth of good cuttings, which,

when several inches long, are then taken with a heel. Drop the cuttings as soon as made into a pail of cold water and leave them there for a half hour. The bleeding will stop and the cuttings will remain fresh and will not rot.

"They may be rooted in sand or potted immediately. Cuttings may be taken all spring and summer. The earlier cuttings will give the taller plants."

Entertains Guest from Chicago—

Miss Esther Silberman of 201 East Grand View, has had as her house guest a popular society girl from Chicago, Miss Anita Stone. Miss Silberman entertained with a theatre party at the Pasadena Community Playhouse recently, in honor of Miss Stone, who is a talented dramatic artist and musician.

Mr. and Mrs. W. J. Lawless have as guests this week Mrs. Henry G. Currie and Miss Alice Keir of Martinez, California. During the week, a number of motor trips were taken, for the entertainment of the visitors.

Miss Eleanor Bayne, who is worthy matron of the local Eastern Star Chapter, has been paying visits to various chapters in the Southland, and last week attended the reception for the Grand Matron, Gladys Fitch Pierce, in Santa Barbara. On the 13th of April she will visit the Ventura Chapter.

Mr. and Mrs. John Osgood, Mrs. Frank Barbour and Dr. May Culbertson Laidlaw spent Thursday afternoon at the annex at Sawtelle, where Mr. Barbour is a patient. Although his condition was serious the fore part of the week, they found him much improved.

Mr. and Mrs. John Osgood had as their house guest Miss Florence Wheaton, from the northern part of the state, who spent the week with them.

Arthur Pritchard and Sterrit Meyer took advantage of spring vacation week to motor to Grand Canyon.

N. W. Tarr, Raymond, Danson and Robert Tarr and Charlton Schwartz left the fore part of the week by auto for the Grand Canyon. They are spending the entire week on the trip.

Mrs. Homer Glidden, accompanied by her sister, Mrs. Will Shaw of Hollywood, and Miss Frances Glidden, motored to the Grand Canyon the first of the week, and are expected home Saturday or Sunday.

C. R. Combs, who has been staying in Sierra Madre for several months, at 318 West Montecito, has returned to his home in Los Angeles.

Lloyd Tarr has returned to La Verne college, after having spent the Spring vacation at his home in Sierra Madre.

Mr. and Mrs. Donald Ashmore, accompanied by Mr. and Mrs. F. P. Baugh of Los Angeles, motored to Arizona Saturday and returned home Tuesday evening. They visited Mr. and Mrs. Hix Thornburg, former Sierra Madre residents.

Mrs. John Osgood, accompanied by her sister Miss Roxana Stevens of Hollywood and her houseguest Miss Florence Wheaton, motored to San Diego Tuesday to remain for several days. Miss Wheaton, who is a librarian stopped at Riverside to attend the state Librarian's convention there.

Club Women Hear of Legislation—

Representation at the annual convention of the California Federation of Women's Clubs will be governed by the size of the club, on a ratio of one delegate for every fifty members, providing the proposed amendment is passed at the state convention at San Diego from May to May 12, according to Mrs. Fletcher White, president of the local club.

Mrs. White, with her alternate, Mrs. Walter Poehler, and the other delegates, Miss Clara Sykes and Mrs. Carol King, with alternates, Mrs. John Osgood and Mrs. Nestor A. Young, attended the district convention in Hollywood last week, and were impressed with the efficient work of the state president, Mrs. W. W. Green.

Mrs. Green explained the proposed amendment in regard to the representation as follows: Clubs having a membership of fifty or less shall be represented at the annual convention by the president or alternate. Clubs having a membership of more than fifty shall be represented by an additional delegate for each fifty or majority fraction thereof, up to 1000. No club shall have representation nor pay dues for more than 1000 members.

Under the present by-laws, clubs with seventy-five members or less are entitled to 100 more delegates than the clubs of greater membership, although the latter group has more than three times the membership of the first group. This is on a ratio of one delegate to 19 members in the smaller clubs, and one delegate to sixty-nine members in the larger group.

Under the new amendment the group of larger clubs, which represents 49,869 of the federation women of the state, will have 519 more delegates than the group of smaller clubs to which 15,499 members belong. The ratio is still in favor of the smaller clubs, being one delegate to thirty-eight members as against one delegate to fifty-two members for the larger group.

The table under the present ruling and under the proposed amendment is as follows:

Clubs of 50 members or less: One delegate to 13 members under present conditions; one delegate to 29 members under the pending legislation.

Clubs of 100 to 150 members: One delegate to 60 members, at present; one delegate to 51 members, pending.

Clubs of 450 to 550 members, one delegate to 83 members at present; one delegate to 50 members, pending.

bers, pending.

Clubs of 1000 or more members, one delegate to 94 members at present; one delegate to 50 members, under pending amendment.

Social Meeting At Woman's Society—

Women of the Congregational church are looking forward to a week of hard work, starting next Monday, when they hope to be able to move into the kitchen of the new church. New dishes must be unpacked and put in proper dish closets, new cooking utensils must be washed and put away, and the quantity of old equipment moved into the new quarters.

The Woman's Society will again be ready to serve dinners, as soon as the move is made.

Tuesday of this week the members met at the home of Mrs. Nestor A. Young, Jr. for a social afternoon, during which time an Easter contest was entered into by all present. Guests of the society were Mrs. Van Ness and Mrs. Gillespie, president and vice-president of the Lake Avenue Congregational church of Pasadena.

At the close of the games and program, the hostesses, Mrs. Young, Mrs. Franklin Swift, Mrs. Frank Merrill and Mrs. Hortense Hill served tea.

Sunday School Classes Have Easter Party—

Twenty-five boys and girls of Bethany church enjoyed a jolly Easter party at the home of Mr. and Mrs. F. D. R. Moore Tuesday evening, when members of Mr. Moore's boys class and those of Mrs. Sam Sea's class for girls were entertained.

A profusion of spring blossoms added to the charm of the lovely home, and at the close of the evening supper was served. A feature of the party was the Easter egg hunt with which the affair opened, when guests discovered candy eggs in all parts of the house. Later Easter games and contests of all kinds were introduced.

Preparations Complete For Card Party—

Mrs. Carl Graf and Mrs. William Richards will be hostesses Tuesday evening, April 17, when the first card party after Lent will be given in the St. Rita's auditorium. Mrs. Richards reports that more than 30 prizes have been provided, and that they include hams and basons, as well as other valuable gifts. The door prize will be a ham. Bridge and 500 will be played as usual, and

it is expected that the event will draw a large attendance.

Mr. and Mrs. Preston Schwartz, the Misses Linda and Sarah Schwartz and Preston and Sam Schwartz spent Sunday at Balboa. Miss Sarah Schwartz remained at the beach, where the Aeolian society of the Pasadena junior college is having a house party this week.

Miss Albie N. Fletcher of Long Beach visited over the week end at the home of Mrs. Bertha Miller, 439 Mariposa Avenue. Miss Fletcher is a teacher in the new Long Beach high school.

Noted Educator To Speak on Turkey—

Kathryn Newell Adams, president of the Woman's College at Constantinople will speak in Sierra Madre some time during April, it was announced today by Miss Harriett Grant, who attended the meeting of the Friday Morning club in Los Angeles Tuesday with Miss Adams.

The speaker will tell of conditions among the women of Turkey, and also of the work of the college.

Thanks, Friends---

For your kind words and good wishes

The Prince of Wales has more hair than I have, but I like his motto: "I serve." Whether as a city trustee, if so honored, or as a plain citizen, I want to serve my community to the best of my ability.

Many changes and improvements will come to Sierra Madre in the next few years. City officials can accomplish little for the welfare and improvement of the town without the active co-operation and interest of each citizen.

It is the duty of a citizen to vote. Let me say, whether for me or against me, VOTE! Whether for or against any proposition affecting the interest of the community, VOTE! Step on the gas, folks; we're all pointed the right way!

Society and Personal

Garden Section Has Splendid Meeting—

Quotations from articles on garden and rose culture written by Horace McFadden, president of the American Rose Association, and Robert Pyle, secretary of that organization were read to the members of the garden section of the Woman's Club Wednesday morning by Mrs. W. J. Lawless, and tended to encourage amateur gardeners.

According to the articles, the elaborate English method of rose culture is unnecessary to the production of fine blooms. Soil such as found in Sierra Madre should produce splendid roses, according to the authorities, who state that from sixteen to eighteen inches of ground is enough in which to grow the bushes, while an 18-inch depth of culture is sufficient.

Any manure or good commercial fertilizer may be used, and no summer rest period is necessary, according to the articles. The effect of the readings was to encourage amateur gardeners to raise roses in this community.

At noon the members enjoyed a picnic luncheon in the gardens of the beautiful home of Mrs. Carl Graf, who acted as a most gracious hostess. The tables at which the members were seated were daintily appointed.

In the afternoon, the speaker of the day, Miss C. M. Hoak, extension lecturer on horticulture for the University of California, was introduced. Her topic was "Plant Material for Southern California Gardens." Her lecture was illustrated by countless specimens of plants and flowers.

The next meeting of the section will take place at the home of Mrs. Frank Hart, Sierra Madre Villa, Wednesday, May 2, at 10:30. Plans are going forward for the plant and bulb sale, to be held at the club house on Wednesday afternoon and evening, April 18. A community dinner will be served at 6 o'clock, with F. D. R. Moote, local amateur gardener as toastmaster. The speaker of the evening will be Mrs. Helen King, secretary of the California Nurserymen's Association, who will speak on "What Garden Associations are doing for Country and community."

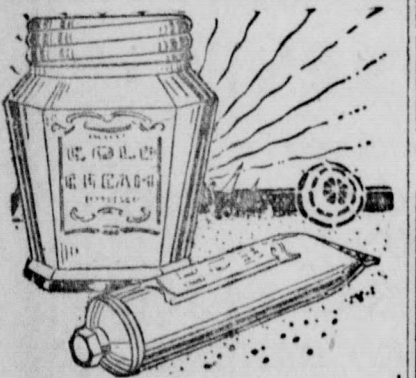

Ancient Grape Juice Served at Party—

Several bottles of grape juice, put up thirty years ago, were a feature of the birthday dinner given at the home of Mr. and Mrs. Boyd Kieth in honor of Mrs. Kieth's brother, Bowman Jewell of Los Angeles. The father of the hostess and her brother bottled the grape juice thirty years ago when he was living in the Monrovia foothills, and the liquid was still sweet.

Guests at the party, which was an event of Tuesday night, were Mr. Jewell and his mother, Mrs. Jewell, Mr. and Mrs. William Roether of San Gabriel.

Bob Cox visited on Sunday at the home of his father, Frank E. Cox, after spending a year in the east. He has been taking a stiff course in the naval training school at Hampton Roads, Va., and returned to the Pacific Coast on the transport Sirius. He is now stationed at San Pedro and has been assigned to duty on the battleship California.

The grass on the large lawn area on the south side of the city

park is making splendid growth. J. C. Lauber, caretaker in the park, is nursing it along to insure a good growth to withstand the summer heat. The seed was purchased from the Poehler Feed and Fuel company, and is an especially heavy grade of blue grass seed.

Miss Esther Allatt of Ontario, is spending her Easter vacation at the home of her uncle, Mark D. Welscher. Wednesday Mrs. Welscher took her young guest to Los Angeles for the day.

Mrs. Emma Gregory of East Alegria Avenue, took an interesting flight in one of the Ford 12-passenger airplanes this week, and reports that she enjoyed her trip greatly.

Mr. and Mrs. A. Russell, accompanied by their daughter and Mrs. Saunders and Mrs. R. C. Copenhaver, motored to Santa Barbara Wednesday.

Lester Bodine and Charles Hull left Wednesday for a three-day trip through eBath Valley.

Bruce M. Pearce, associate editor of the Masonic Digest, Los Angeles, was a caller at the News office Wednesday.

Miss Josephine Woodward has returned to the home of Mr. and Mrs. Frank E. Cox after spending a few weeks with friends in Los Angeles.

Japanese Motif at Birthday Party—

The Japanese motif, picturesquely carried out in lavender and green, was used by Mrs. Edwin Scott, 195 Santa Anita Court, when she entertained at a luncheon in honor of the birthday anniversary of her daughter, Miss Roberta Scott.

Places were marked at the lovely table for twelve guests, over whom a soft glow was cast by the many Japanese lanterns hung from the ceiling, from the lighted candles on the huge birthday cake and from the tall Wistaria tapers in the green pottery holders, which flanked the cake. Nut cups were green, with clumps of wistaria blossoms on the handles. Chow mein was served with chop sticks, and the color scheme of wistaria and green was carried out in the dessert.

Guests were the Misses Martha Rihard, Helen Rook, Golden Kirk, Hope Wanser, Dorothy and Margaret Moote, Virginia Roess, Dorothea Cox, Lura Fredericks, Treva and Roberta Scott.

Birthdays Are Celebrated Together—

The birthdays of Miss Charlotte Butler and her brother, J.

Jackson Butler, were celebrated last Sunday at the home of their parents, Mr. and Mrs. Frank E. Butler, 90 Auburn Avenue. Miss Charlotte was thirteen years old Saturday, while her brother was twenty-four Sunday, and the joint celebration was thus possible.

Guests for dinner were Miss Ruth Miller, Mr. and Mrs. Gordon Aisenbray and son, and Mr. and Mrs. Stanley Aisenbray, George Krier and Mrs. Roy Prentice and her daughter. The Aisenbrays, who are from Springfield, South Dakota, had a splendid visit with George Krier, who is visiting here from South Dakota, and many mutual friends were discovered. Mrs. Roy Prentice and her daughter remained as a guest at the home of Mr. and Mrs. Butler until Tuesday.

Entertains Club at Her Home—

Miss Betty Moore was a charming hostess to the members of the Fortnight Club, an organization of alumnae from the Pasadena high school, when she entertained them Thursday night at the home of her mother. After a jolly evening of games, a delicious supper was served, the Easter motif being carried out in the appointments.

M. Rudolph of North Auburn Avenue leaves on the Union Pa-

POWER!

That is what they say about Richfield Gasoline, that it is the gasoline of power.

It is THAT, and MORE! It is an even-run gas. By that, we mean always the same, that's why the motorist keeps coming back for more.

And just please remember that we like to serve you, and are open evenings.

Seed to Be Received by Garden Section—

In a very few days, choice seed will be received by Mrs. A. R. Hinton, head of the garden section of the Woman's Club, for distribution among the members of the section. The seed is being selected and shipped by Miss C. M. Hoak, who spoke before the garden section last Wednesday.

Mrs. Hinton wishes to announce that there will be a meeting of the garden show and sale committee at the home of Mrs. Jack Woehler, corner Ramona and Park Avenues, Monday afternoon, April 9 at 2 o'clock.

Fred Cox left Sunday for Phoenix, Arizona, to spend a week.

FIVE ACRES FOR \$750 \$250 down

Five to eighty acres, at \$150 per acre one-third down.

Located on the north side of Palm Springs Valley, directly north of the town of Palm Springs, Riverside County. Four miles from state highway and S. P. Railroad. Three hours run from Sierra Madre.

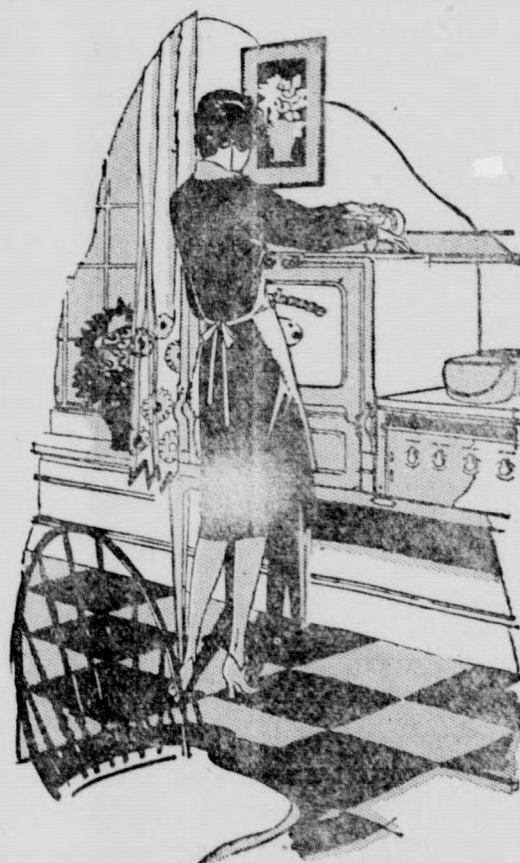

Depth to water, calculated from wells on adjoining land, 50 to 60 feet. This land is in a hot water belt. While I cannot guarantee a hot well on every five acres, there is every natural indication that the purchaser is more likely to strike hot water than water of normal temperature. This pure water from Nature's teakettle is as soft as rain water and is ideal for swimming pool or shower bath.

Altitude, about 900 feet. Situation, as to mountains and valley, similar to Sierra Madre. Beautiful scenic outlook. Winter day temperature seldom below 70.

While this land is capable of high agricultural development—dates, figs, grapefruit and early vegetables—it is here offered solely as a winter resort for people who want to build unique stone and adobe cabins and bungalows, with swimming pools or shower baths—week-end retreats, in a dry, balmy winter climate, for pleasure and relaxation. Oil and all mineral equity to purchaser.

The "Secret" of "FLAVOR ZONE" Cooking

IN the Westinghouse Flavor Zone oven, browning temperature is rapidly attained and then automatically turned off at just the right moment. All the goodness and richness of the food is sealed in and the accumulated heat within the oven then continues cooking... spreading the rich flavor throughout the food as the temperature recedes. This is the "SECRET" of "Flavor Zone" cooking.

"Flavor Zone" cooking should be in your home. A \$10.00 down payment is all that is necessary to have one of these wonderful Westinghouse Flavor Zone Ranges installed in your kitchen. Enjoy it as you pay the balance in modest monthly installments.

Your Choice of Premiums

Until April 27th, you may have your choice of a beautiful 10-piece set of Golden Maize Waffle Dishes or a 7-piece set of Double Duty Aluminum Ware... FREE... with a Westinghouse Flavor Zone Range.

Ask About Low Rate for Electricity!

A special low rate for all electricity is applicable to range users. Ask about it at our office.

FORESTRY BY MAIL

HOW correspondence schools fool the gullible is vividly shown by figures compiled by the United States Forest service. Failure of correspondence school candidates for the position of forest ranger suggests the pathetic disappointment of a lot of well intentioned people.

Advertisements of these correspondence schools paint the forest ranger as a man who enjoys a sort of outdoor vacation all the year. There is no reference to the hard work and occasional serious danger which is his lot.

Neither is there any reference to the fact that forest service examinations are held only in states in which national forests exist and preference is always given to residents of those states.

In the forest service examinations held last October 1071 candidates appeared. Of these 675 said they had not taken correspondence school courses and 30 per cent passed; 337 said they had taken correspondence courses and only 5 per cent passed; of the 69 who evaded the question as to correspondence school training not one passed.

There are some branches which can be taught successfully by correspondence, but apparently forestry is not one of them.

WONDERS AND WONDERS

NINE wonders of the world, a modern version, have been selected by Dr. Samuel W. Stratton, president of Massachusetts Institute of Technology. Suggestions of several hundred leaders of science, industry and education as to the most important achievements of modern man were used in arriving at the final list, which is as follows:

1. The discovery of bacteria and the application of bacteriology to human welfare.
2. The progress of our knowledge of the constitution of matter and radiation phenomena.
3. The progress of electricity as to light, power and communication.
4. The internal combustion engine and its application.
5. Modern methods of structure building with metal and cement.
6. Modern metallurgy.
7. Processes of food preservation, including canning and refrigeration.
8. Aircraft and aerial navigation.
9. Development of machinery to lessen the burden of labor and increase its output.

In striking contrast are the traditional seven wonders of the ancient world. These were the Pyramids, the Sphinx, the Hanging Gardens of Babylon, the tomb of Mausolus, the Temple of Diana at Ephesus, the Colossus of Rhodes, the statue of Jupiter Olympus and the Pharos of Alexandria.

There is no adequate basis of comparison between the two lists, the one consisting of physical structures and the other of processes and discoveries. The ancient wonders were erected by countless slaves, directed by a comparative few master minds. Magnitude was the chief claim to distinction. The waste of human life in their building meant nothing. They were devoted chiefly to commemoration of the dead and to worship of more or less unsavory pagan deities.

On the other hand, the modern list is the product of free and enlightened thinking, in an age of popular education. They make for the saving of life, the easing of the burdens of industry, the wider distribution of the comforts of life, always looking to a better future.

The very choice of such a list of modern

wonders in such a way indicates something of the degree to which this old world has improved in a couple of thousand years.

SECTIONALISM DISAPPEARING

An automobile association estimates that some 30,000,000 Americans will tour the country in automobiles this year.

That one sentence, as well as any statement that could be made, represents the difference between modern American civilization and all others.

Thirty million people—more people than lived in all of France at the time of the French Revolution—roaming about the country in care-free vagabondage! Thirty million people vacationing, wandering across prairies and deserts, through cities and over mountains, getting recreation in the open, widening their horizons! The earth never saw anything like this before.

There have been nomadic nations. The great plains of Russia and Siberia knew tribes of roaming horsemen, who pitched their tents in the fall a thousand miles from the place where spring had found them. From the landlocked Caspian Sea to the Carpathian Mountains they roamed endlessly; now and then they swept on past the Carpathians and overran Europe with fire and sword.

But those peoples roamed of necessity. Their migrations were caused by economic conditions; the search for fresh pasture lands drove them on. The American nomad roams for the fun of roaming. No necessity drives him. The open road calls him, every summer, and away he goes—to return, winning candidate will be to select his cabinet. We suggest that when he comes to pick a secretary of the treasury, he give earnest consideration to the name of C. C. Pyle, sports impresario.

Mr. Pyle, now staging a transcontinental foot race, is a man of parts. He is offering a total of \$48,500 in prizes; he is providing accommodations and food for any number of athletes en route; it is alleged that he is realizing a personal profit of \$100,000 or more on the venture, and the cities and towns in which the racers spend the night get compensation in advertising. The whole thing seems to be too good to be true.

Mr. Pyle gets his money from various sources. A highway association is contributing \$100,000 for the advertising it will get; hot dog concessionaires are feeding him liberally. Sporting goods manufacturers are paying for the privilege of supplying outfits to the runners. Some chambers of commerce are showing a generous streak and paying for the right to have their towns on the route.

Thus Mr. Pyle makes money; the athletes get munificent prizes; the people that pay a few weeks later, brown and fit, ready for another year on the same old job.

FOR MELLON'S JOB

(Pomona Progress-Bulletin)

NEXT fall, when the presidential election is over, one of the first duties of the Mr. Pyle get advertising, and, all in all, it seems that everybody is happy and the whole thing is costing nobody a cent. Truly, a genius like this belongs in Washington.

MUCH IS WASTED

MANY merchants are disgusted with advertising when their efforts are seemingly unrewarded, but they must remember that the public is not as interested in their proposition as they themselves are. Much advertising is wasted due to the fact that the advertiser is not able to place himself in the prospective reader's place and write the advertisement accordingly. If you give your advertising the time and thought it deserves it will eventually attract the people you are after and will bring returns far in excess of its cost.

Less than forty persons took the trouble to go to the polls and vote at last week's school election. What right have the other 1400 registered voters to register any complaint about school affairs during the next year?

Monday will be election day in Sierra Madre, with six city officials to be chosen. Here's a chance to show the quality of your citizenship.

From the Old News Files

TWENTY YEARS AGO

The Los Angeles county highway commission came to Sierra Madre to inspect Central Avenue with a view to opening it through to Huntington Drive. A delegation of board of trade members went over the ground with them, endeavoring to have the improvement included in the first county highway bond issue of \$3,500,000.

Several athletes were working out on the Mt. Wilson Trail in preparation for the race to Mt. Wilson and return. Richard K. Fox of the Police Gazette offered a handsome gold medal to the winner.

Burro races on Central Avenue aroused a great deal of interest. Arrangements were in charge of Messrs. Fox, Potter, Chet Huston, Jim McNally, Mayor Jones and Marshal Caley. Vinton Hoegge, Ariel Hoegge and Billie Wright were the prize winners.

Prof. B. R. Baumgart delivered a lecture on "Paris" as one of a series under auspices of the Woman's Club.

Mr. and Mrs. Norman Morrison visited friends in Sierra Madre while on a vacation from El Palmar, Mexico, where Mr. Morrison was inspector for the Sonora Railway.

Rev. M. W. Barth, a Catholic priest from Chicago, took a house on Mountain Trail Avenue for a few months' stay in Sierra Madre.

TEN YEARS AGO

A new motion picture machine was installed in the club house in order to raise the standard of the picture shows being conducted under the Woman's Club auspices.

The Wistaria vine at the Fernald home failed to bloom according to schedule, although the women of the Red Cross and the Dickens Fellowship were prepared to conduct the fete for the convenience of visitors.

Lieut. George K. Whitworth received all three degrees from the Masonic Lodge in one week. He had just returned from officers' training school at Fortress Monroe, Va., and was assigned to duty in charge of a mine-laying vessel in Pacific waters. Arrangements for the conferring of the degrees in record time were made by C. J. Pegler, master of the lodge.

The city election resulted in the choice of W. H. Holabird, Robert Mitchell, W. J. Saunders and T. M. Webster as city trustees, E. F. Ballou as clerk and C. J. Pegler as treasurer. Mrs. A. F. Snell was elected school trustee.

NEWSPAPER COMMENT

All the white man wants to do is to get even with the stars are fixed.—Palm Beach Post.

All the white man wants to do in the Orient is to take orders and give orders.—Publishers Syndicate.

Booze and Boodle will probably be the lines of attack in the coming election.—Brunswick (Ga.) Pilot.

As to the theory that age brings respectability, the Christian civilization is 1928 years old.—North Adams Herald.

Sometimes one wonders whether war will be any the less lawless as an "outlaw" than it is now.—Boston Transcript.

John Barleycorn seems to rest in his grave with all the reposeful calm of a Japanese waltzing mouse.—Arkansas Gazette.

Canada wants to attract 2,000,000 farmers from the United States, but we doubt that Canada can give them as many grievances as they have here.—San Diego Union.

In Siberia, Mr. Trotsky is so far away from the centers of news that he isn't reported dead nearly as often as he used to be.—Detroit News.

It would be a fine stroke if somebody should convince Big Bill that Chicago bandits are emissaries of King George.—Chattanooga News.

A congressman has discovered that the lobbyist pay-roll in Washington is greater than the congressional. Perhaps that's why it hurts so.—Omaha World.

Maybe one reason why the marines have to stay in Nicaragua so long is that it takes so much time to find any American property to protect.—Ohio State Journal.

Utopia is a place where they would accidentally get one of those Teapot Dome boys into jail on a technicality.—Detroit News.

The Treasury Department says that Russia must take back its five million dollars in gold. The Soviet may open charge accounts here, but a true American will never sink so low as to take cash.—The New Yorker.

Reservations

By J. R. E.

A group of business men, talking it over, so to speak, the other day were heard to remark that it would be a nice thing for Sierra Madre merchants to declare a half holiday every Wednesday afternoon during the hot summer months, and incidentally occasionally hold a celebration, with foot-races and athletic contests for the kids in the afternoon, a barbecue in the evening for everybody and a program in the park to follow the "eats."

Now that sounds like an extremely delightful way to make life more delightful up here in life more interesting up here in the Queen of the Suburbs. Perhaps the business men who promulgated this good idea can get other business men interested and cause the good idea to materialize.

Let's hope they will!
And help them when they do! rest!

A friend of mine was irresistibly attracted the other day by one of the ads in the big city papers announcing "two-pant-suits made-to-measure for thirty-two dollars." He went down to get one—and came back, having left an order for a \$50 suit. "No mister," the man down town said to my friend, "you don't want one of those suits; they are just made for fellows who don't care to spend much money—and they make good advertising copy."

My new "\$47.50" Easter Suit made by Tony Delvecci is a lot better than the \$50 city-made suit.

It reminds me of the man who stepped into the barber shop and asked, "How much for a hair cut?" "Fifty cents," was the reply. "Oh, I can get one over town for thirty-five cents," said the bargainer. "Just jump right into the chair, mister," said the barber; "I can give you a thirty-five-cent hair-cut, too."

In other words folks get just about what they pay for, with the chances of getting bargains from your friends and acquaintances ten to one over the city dealer. Your friend hopes to see you in his store again and again; the city man seldom expects you to come back, and he don't care much whether you do or not.

"Try your home merchant first."

There never was a better time for poor old Chicago to rip off the blind-fold and emphatically remark: "I WILL!"

That slogan has stood for a long time as a symbol of the spirit of Chicago and has meant, generally, "I will do as I please."

That slogan has been carried out to such an extent that residents of the city consider mail shirts and bomb-proof trousers as a part of every-day apparel.

The Eighteenth Amendment just meant another law to be violated—that much greater opportunity for graft.

It's ridiculous to suggest that federal troops be sent to the city to supervise the election. There are enough decent people there to spot the crooks a hundred thousand crooked votes and still beat them hands down. The question is: Are the decent people enough interested to do it? If not, let 'em do their own worrying.

Accidents

WE have just read THAT the invention of THE harp was due to an ACCIDENT, while on the OTHER hand, the invention OF THE bagpipe was ACHIEVED when a Highland COTTAGER got the idea THROUGH stepping on a CAT, and we suppose the MAN who discovered a SERUM to make sheep GIVE four times as MUCH wool must have STUMBLED onto his BAG of tricks while LOOKING for a hair RESTORER. But it is DIFFERENT with our SHARI Toiletries as THE manufacturers DELIBERATELY set out to MAKE the best and no EXPENSE or skill is SACRIFICED to make them ULTRA exclusive. They ARE now on display.

BEACONS FOR NIGHT FLYERS

As an aid to aviation and the development of night flying, the Standard Oil Company of California is building what will be the two highest powered incandescent electric beacons in the country—one to be placed on the summit of Mt. Diablo near San Francisco Bay and the other in the Merced Hills, Los Angeles. These beacons will develop ten million candlepower and the flashing beams from them will be visible to aviators for between 100 and 150 miles. The company has taken this action at the suggestion of the United States Department of Commerce, the Airways Division of which is now engaged in installing lights to mark the airways from Los Angeles to San Francisco and from Los Angeles to Salt Lake City. The Department of Commerce is also projecting a series of lights northward and eastward from San Francisco, as indicated in the chart above. These official airway lights are set at frequent intervals and are of three million candlepower each.

The government will give the light on Mt. Diablo the official designation of "SD," standing for "Standard- Diablo," and "SL," signifying "Standard-Los Angeles," for the light in the Merced Hills.

The light for this type of beacon, built by the Sperry Gyroscope Co., is furnished by large 1500-watt in-

candescent lamps especially manufactured for the purpose. The reflector and lens of the beacon are 36 inches in diameter. The light is equipped with an ingenious device holding two of the incandescent lamps—one directly in front of the focal point of the reflector. In the event of this lamp burning out the second lamp is automatically thrown over to take the place of the one that has gone out. This is done almost instantly so that there is no interruption in the operation of the beacon. The beacon itself makes six complete revolutions per minute. An automatic astronomical clock turns the beacon on at sunset and off at sunrise. This clock

automatically compensates for the constantly changing hours of sunset and sunrise.

The beacons will be mounted on 75-foot steel towers. The symbols SD and SL will be hung on the side of the towers as a mark of identification in letters twelve feet high outlined in neon lights.

These lights complement the existing system of daylight airway signs which the Standard Oil Company maintains at some 500 points on the Pacific Coast. These signs are painted on the roofs of its warehouses and give the name of the town in which located. They can be read by aviators at a height of several thousand feet.

Society and Personal

Work Among Lepers

Told by Visitors—Mrs. A. Kelly, of Los Angeles, told members of the Bethany church Missionary Society of the work among the Lepers, when she addressed the afternoon session of the organization Tuesday. She reported that a number of the cases had been cured thru treatment with the new oil which has been discovered.

The all-day session opened with devotionals in the morning, led by Miss Ruth Needham of Monrovia. Mrs. W. A. Evans conducted the current events section, after which Miss Doris Bayard sang a solo and Mrs. Gale Smith and Mrs. Richard Jensen sang a duet.

Luncheon was served at noon, and following the meal, just before the business session and the speaker's address Mrs. Campbell sang a beautiful selection.

Plans for the two-day Bible conference, to be held the 1st and 2nd days of May in the local church were discussed by the women, and Mrs. John Lowe, president of the organization announced that the following speakers have been secured: Mrs. Ella Melodie, of Holland Park; Mrs. Marshall Hayes; Mrs. C. H. Harrell, Los Angeles; Dr. Stuart McLellan, Hollywood; Dr. John McNeil; Dr. Hurlburt, of the Bible Institute and Dr. A. B. Pritchard. Four other speakers will be secured, and their names will be announced later.

Aeolian Society of Pasadena Entertained

The home of Mr. and Mrs. Preston Schwartz was the scene of a delightful party Wednesday night when Miss Sarah Schwartz entertained for the members of the Aeolian Society of the Pasadena Junior College. Eighteen young women were present for the social evening, which closed with the serving of delicious refreshments.

"Stag" Party for Birthday Event

Complimenting the birthday anniversary of O. E. Emley, Mrs. Emley entertained twelve of his friends as at stag dinner party last Saturday evening. A dutch lunch was served, with cards afterwards. Those in the party were the honor guest, Mr. Emley, Paul

Gaines, Leon Beaman, Glenn Reives, Glenn Bowes, Ernest Lauzier, France McDougal, Carol Bilmaier, Victor Hill, T. A. DeBolt, Harvey Steinberger and Minor Harkness.

St. Catherine's Guild Card Party

Monday evening, April 23, has been set aside by the members of the St. Catherine's Guild for a card party at the parish house. Plans for the event were made Tuesday at the regular session of the Guild at the home of Mrs. Stella Dennison.

Dinner Is Planned by Church Guild

Dinner at 6:45, to be followed by an evening of cards, is the plan outlined by the Woman's Guild of the Church of the Ascension for Thursday evening, April 12, at the parish house. The Order of St. Catherine's will have charge of the decoration of the tables, and will assist the Guild ladies. Tickets may be secured from Mrs. Stella Dennison or the Rev. H. B. Moore.

Bridge Tea Given at Schwartz Home

Complimenting Mrs. George Johnstone, two of the popular members of the younger social set of Sierra Madre, Mrs. Edwin Ward and Miss Sarah Schwartz, entertained recently at the home of the latter. The party was in the form of a bridge tea, with twelve guests present for the delightful event. Rooms in which the guests were received were lovely with their many baskets of French flowers, and at the close of the afternoon a delicious luncheon was served.

Guests were Meses, George Johnstone, Elvin Parker, Thomas Burgess, Hall Perry, Ralph Stover, George Norris, George Kehlet, Don Hosford, Pearley Cox, Arthur Johnson, Thomas Schwartz and Miss Muriel Tarr.

Cantilever Shoe for men and women
Always Comfortable and Smart.
Always Expertly Fitted.
728 S. Hill Street Los Angeles 424 E. Colorado Pasadena

Charles B. Klunk of the Sierra Madre Hardware company returned last Friday from Alton, Ill., where he visited his mother. He was absent two weeks and, being an ardent member of the Sierra Madre Kiwanis Club, derived great pleasure from attending meetings of the Kiwanis Club in Alton.

Mrs. M. J. Coughlan, formerly of Mankato, Minn., has moved to Sierra Madre, and is making her home with Mrs. Frank Barbour. Mrs. Coughlan has been heard many times over radio station KFI, where she plays with Don Parker. She is a talented violinist, and will be eagerly welcomed by the music lovers of this community.

T. W. Neale has returned from Florence, Alabama, where he was called by the serious illness of his mother. Shortly after his arrival Mrs. Neale commenced to improve, and he left her in fair health upon his return to California.

Reading room open Monday, Wednesday, Friday, from 2 to 4.

Negroes' Dislike of Hound

The southern negroes hate the hound. They say it used to be a nice sleek watchdog which Adam left to guard the gate of Paradise, but it went sniffing around to find a hare or rabbit and let the old devil sneak in. Then the Lord said it should be a dog no longer, but a hound, always hunting and always starving, so to hear a hound is a bad sign.

Foibles of Genius

Buffon wrote in lace ruffles and Sir Walter Scott liked to array himself in his shooting jacket from six o'clock until dinner time, whilst Guido Reno painted with much pomp and considered himself at his best when dressed magnificently, and had his pupils attend him in silence, ranged around him.

Interesting News Notes from Sierra Madre Canyon

The road committee of the Canyon Improvement Association has established its headquarters in the branch office of the Petzel Real Estate company located in the Mann building. A member of the committee will be in the office every day to answer any questions pertaining to the paving of canyon roads. As has been previously announced in this column, it will be necessary for the committee to obtain quite a number of easements in order that sharp curves may be rounded out. The committee hopes for and will appreciate public spirited cooperation from those who are concerned in this matter so that the work of the paving program may progress as rapidly as possible in view of the fact that the improvement is badly needed. While the committee realizes that private interest has its lawful rights, they hope that nothing will be permitted to stand in the way of this progressive movement which will in the end bring profit to the individual. Property values are based on the fact that good roads attract population. Whatever brings and holds people in a vicinity will enhance and maintain property values and "for rent" signs will soon disappear.

Since the recent rains the road over the hill, the only means of access to the homes of a number of canyon residents, has been almost impassable. Many cars attempting to make the climb have been mired and drivers in many instances have been compelled to call for help.

Miss Ernestine Gray and her brother, Robert Gray, entertained a group of friends at their home on Woodland Drive and Sturtevant Road on Thursday evening. The time was enjoyably spent in games, after which refreshments were served to the guests. Those present besides the host and hostess were Gertrude Knowles, Beatrice MacPherson, Donald Hardy and Albert Nicholson.

Mr. and Mrs. George Streit and children, Audrey, George, Ruth, Mildred and David, of Redondo Beach, are occupying Seldom Inn cottage for a week.

Mrs. J. F. Key and daughters, Idea Jean, Frances Scott and Caryll, are spending several days this week at their cottage, Keystone.

Miss Minerva Boatright visited friends in Los Angeles from Saturday until Tuesday.

Mr. and Mrs. B. F. Davis were canyon visitors from Friday until Monday.

Mrs. Ella A. Cadmus and Miss Laura E. Cadmus drove to Los Angeles on Thursday to visit Mrs. A. M. Croxson and her young son Bruce, whom they found well and happy. Lilah Croxson is spending the week at Cadmus Villa.

Miss Peggy Ann Boe had as her guest at Cadmus Villa on Wednesday Allen E. Akers of Los Angeles.

J. M. Roland of Inglewood has purchased the cottage at 660 Holly Trail Path formerly owned by J. L. Sainsevain of Los Angeles. Mrs. J. B. Gibford and Mrs. C. R. Holsinger, sisters of Mrs. Roland, are occupying the cottage during the Easter vacation. They will be joined by Mr. Holsinger, a teacher in Pomona High School, for the week-end.

The Volunteer Girl Reserves Club from Clearwater, Hynes and Artesia, chaperoned by Mmes. Nina Patten and E. Spofford, were guests of Mrs. Alma Haas at Mountain View Lodge on Brookside Lane, from Monday until Wednesday. The time was spent in hiking the trails to Mt. Wilson and Roberts Camp. The party included Marion and Katherine Embree, Henel Hinsey, Elizabeth Bradshaw, Emaline Jennings, Evelyn Ross, Esther Holland, Pauline Statts, Viola Smith, Edna Payton, Thelma Boyer, Helen Womack, Ethel Brown, Geraldine Daggar and Juanita Willard.

Mr. and Mrs. John Meents and Mrs. Meents' brothers, Everett and Wiley Thomas, canyon residents for several months, employed on flood control projects, left Tuesday for Imperial Valley where they expect to reside for some time.

Mr. and Mrs. J. H. Burke and children of Long Beach and Mr.

and Mrs. H. B. Paisley of Santa Ana spent Saturday and Sunday with Mr. and Mrs. E. A. Anderson at their apartments in the canyon store. Mr. and Mrs. Burke presented Mr. and Mrs. Anderson with a new electric Atwater Kent which has been installed for use both in the home and store.

Mrs. Frances H. Burton returned home on Tuesday after an absence of several weeks spent in Glendale.

Mrs. E. B. Gray left the canyon on Saturday for San Diego for a visit with her daughter, Mrs. G. D. Alverson. Mrs. Gray expects to return home on Sunday.

Miss Dorothy Petzel, daughter of Mr. and Mrs. Steven Petzel, is spending the vacation week in Hollywood visiting cousins.

Mr. and Mrs. R. D. Straw and son Richard of Long Beach are occupying the cottage at 582 Woodland Drive, recently purchased by Mr. Straw's parents.

Mr. and Mrs. C. H. Messer of Arcadia were guests of Mrs. Ella A. Cadmus at Cadmus Villa on Wednesday.

Fire Flames

By One of the Boys

The unknown writer of this "koln" claims he (or she) entered the "News" factory two weeks ago with about two hours effort under his (or her) arm and presented them to Mr. Joe Eastwood (the handsome Spaniard) with the request that he publish same in his well known "sheet" and due to an oversight the insignificant "Fire Flames" were probably dropped in the waste basket. Never-the-less, Joe has said that he never saw the great "declaration" and that's that, and so on. As time is very valuable (even to me) I shall rave on.

A lot of things have happened since last "Fire Flames." The chief has a new uniform consisting of coat, pants and suspenders, also shirt, cap, tie and so on. With all this he has neuralgia in the left (or right) jaw, which adds greatly to his misery. The suspenders incidentally, are black elastic, trimmed with brass nobles and hinch flickers. His wife said it was to encourage him when he plays bridge.

As was feared, we had our

How is your life insurance payable?

To properly invest money requires experience.

Don't leave your family prey to the financial vultures that follow in the wake of your death!

Protect them by leaving your money in the form of a trust, payable in monthly installments, as specified by you. You earned the money, why not subject it to your control after death, according to your own judgment?

To all holders of New York Life Policies:

Your insurance can be so arranged that it will pay your family a continuous monthly income.

Life Insurance and Trust Agreements

Black 8 22 N. Baldwin

"Ladies Night" and now it is hinted that we shall have them with us often. Of all the noise I ever heard, that was the cackliest. I don't know whether they were playing bridge or five hundred. It sounded like five hundred of 'em were wrecking a bridge. (All the dope on this was written up once in that fateful "declaration" of the waste basket.) If noise is a criterion of a good time, then the women surely enjoyed themselves. It gave them all an opportunity to relate some of their respective husbands' faults. Mrs. Norris told a lot on George and then said, "You ain't heard nothin' yet." Mrs. Udell supplied Vernon with plenty of "cross-country" glances which kept him very much in his corner. One feature of "Ladies Night" is to see Roy Walsworth. That's one night he is forced to come to meetin'. There could be a whole lot of things revealed but I'm not telling everything.

The meek little husbands and other male members also enjoyed the evening, I think. All that could, played cards until Mrs. Schwartz sounded the "eats" alarm. The arrangements for that part of the evening were thought out by Mr. and Mrs. Schwartz and proved to be an excellent and tasty affair.

Some time in the very near future we expect to entertain Arcadia and Monrovia firemen to a dance and what goes with it. We owe it to these people; we have been over there about twice.

The chief's trying to get up a bridge club. That nice—who wants to play bridge?

By the appearance of things, the Los Angeles Times should have a lot of Sierra Madre police and water department news to publish. A lady reporter seems to be drawn to the city hall quite frequently.

Next week's the time to get out to the polls and vote for your best

choice. There are enough candidates for local offices to arouse a little excitement.

Fire's out!

She'll Learn

A young woman, one of the new-lyweds, who set up housekeeping, wanted to show her hubby how smart she was one day before the warm wave struck the city, so she called up a coal dealer and ordered "a ton of coal." The coal dealer asked her as to what kind of coal, the young woman failing to specify whether it be pea, nut, stove or furnace coal. When the dealer got through informing her on the different sizes of coal she asked for the "nicest shade of black coal." Apparently the young bride thought she was purchasing a hat or a dress.—Salem News.

Milton Was in the Right Mood

LEARNING TO EAT
By Rama V. Bennett, Nutritionist
Los Angeles County Public Health Association

Meal times that are "show-off" times feed a child's vanity rather than his body. Children like to attract attention. Refusing his food usually brings more attention from the family than taking it and the average child soon learns that meal-time proves an opportune time to stage a show for attention. Mere eating cannot compare with the coaxing, bribing or treating which makes the child the star performer.

Because the parent realizes that food means so much for the child's health and growth, anxiety and grave concern are shown. The child soon senses this concern and capitalizes it to get attention. He hangs dishes and throws himself into a tantrum when what he wants is not forthcoming.

Such remarks as "He is so different, he does not eat vegetables" add to the child's feeling of importance. His differences are too often related before him to other people.

Disinterested interest is the best policy to follow. As quietly as possible end the meal for the child who is trying to stage a "show". Let him understand that it makes no difference to the family whether he eats or not. If he is given to tantrums, let him have a room to himself in which to perform. Tantrums lose their force when a concerned audience is lacking.

Be sure that no food is given between meals. This is an imperative policy and must be followed consistently. If piecing is allowed the child knows he can pull his grandstand play at meal-time and yet get his food later. Such a child is usually not under-nourished. He is a too successful between-meal forager to suffer.

However, understand that a child's appetite may not always be up to par and never force food. A keen appetite for food is as necessary as a wholesome attitude toward it. Expect a child to eat food wisely selected for him. He senses doubt even if unexpressed.

A child who has learned to eat without fuss has learned a valuable behavior lesson.

NEWSPAPER COMMENT

About the only thing the Senate is not investigating at present is the informatory double in auction bridge.—Arkansas Gazette.

No Palm Leaves Needed
"But now winter is regarded the explorer, as by the Eskimo, as a useful period for sledging. The ice and snow have better surfaces and the temperatures are not uncomfortably high."—Charles Fitzhugh Talman in Science Service (Washington).

We understand that the Chicago school superintendent is so British that it has taken 6 months to prove it.—San Diego Union.

If any present-day Diogenes had to get his lantern oil from Teapot Dome, he'd immediately switch to an electric flashlight.—Arkansas Gazette.

Another way to remember the number of years since the war, is to count the increased number of inches in the veterans' belt.—Quincy Whig-Journal.

There's always something. If Lindy keeps on flying, he may get hurt; if he quits, the workmen in medal factories get laid off.—Jackson Clarion-Ledger.

Senator Reed says prohibition is not a major issue. Banquo's ghost wasn't a major issue either, but it broke up the party.—Arkansas Gazette.

If there is any justice in the next world, a lot of professional funny men are going to have a chance to ride the Prince of Wales' horses.—San Diego Union.

If the Republican party is really serious about collecting enough money to repay Mr. Sinclair, it ought to put Mr. Smith and Mr. Vare to work.—Detroit News.

If the Democrats can think up as many mean things to say about Republicans as they are now saying about other Democrats, it ought to be a pretty fair campaign.—New York Evening Post.

NOTICE OF COMMISSIONER'S SALE OF REAL ESTATE ON FORECLOSURE OF MORTGAGE.
No. 241490
In the Superior Court of the State of California in and for the County of Los Angeles.
LOS ANGELES FIRST NATIONAL TRUST & SAVINGS BANK, a National

Banking Association, Plaintiff,
IDA BRINDLEY, et al, Defendants.

Under and by virtue of an order of sale and decree of foreclosure and sale, issued out of the Superior Court of the State of California, in and for the County of Los Angeles, on the 19th day of March, 1928, in the above entitled action, wherein the above named plaintiff obtained judgment and decree of foreclosure and sale against IDA BRINDLEY, Defendant, on the 1st day of March, 1928, for the sum of Two Thousand Three Hundred Seventy-two Dollars and 59/100 Dollars gold coin of the United States, which said judgment and decree was on the 3rd day of March, 1928, entered and recorded in Judgment Book 668 at page 29 et seq. (to which judgment and decree reference is hereby made), I am commanded to sell at public auction all the following described premises, situate, lying and being in County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot Forty-nine (49) in Block "B" of Riggins Bros. Subdivision of part of the Grogan Tract, as per map recorded in Book 36, Page 22, of Miscellaneous Records of said County.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 17th day of April, 1928, at 12 o'clock noon of that day, in front of the Court House door of the County of Los Angeles, Broadway entrance, I will, in obedience to said order of sale and decree of foreclosure and sale, sell the above described property, or so much thereof as may be necessary to satisfy said judgment with interest and costs and expenses of sale, to the highest and best bidder for cash, gold coin of the United States.

Dated March 16, 1928.
R. E. ALLEN,
Commissioner appointed by said Superior Court.

Prevention Is Aim of Health Organization

Summer Health School to Teach the Necessary Precautions

Tuberculosis Easily Cured If Patient Is Given Proper Care in Time

"In the prevention of tuberculosis, the 'contact' child is the most serious problem we have to face in Los Angeles County. Tuberculosis is not inherited but acquired through contact with some person having it," states Miss Leelle Jones, executive secretary of the Los Angeles County Public Health Association.

"This problem of the contact child arises from the continual influx of a great number of health seekers from other sections of the country, many already beyond the early stages of the disease when they arrive," Miss Jones points out.

"Some of these persons may be employed in your home, assist in taking care of your children for the afternoon or evening.

"While tuberculosis is not inherited, children, especially babies, are particularly liable to infection from contact with consumptive persons. Such childhood infections may not produce immediate disease and may remain inactive for years, until the boy or girl, weakened by some childhood illness such as measles, or bad environment, over-work or study, loses the normal resisting power and the latent germs become active with a resultant breakdown from tuberculosis.

"Safeguard the health of your children," Miss Jones urges, "and since it is impossible to always know to what contact with infectious disease a child may from time to time be inadvertently exposed, have it examined periodically by a competent physician or at a good clinic.

"It is of the utmost importance to keep the child's body always strong and resistant and to teach him personal hygiene and health habits that carry him safely on thru adult life. It is with this aim in view that the tuberculosis committee of the Los Angeles County Health Association, in co-operation with the county health department sponsors the summer health schools held in various districts in the county. There will be twenty such schools conducted during July and August where physically below par children and their parents will be given health training. The children eligible to these schools are those chosen after a physical examination by the child-welfare physician of the county health department as in need of building up resistance.

"Have the children examined now so that you may know their needs in time when prevention and cure are readily obtainable.

"No chronic disease is more easily curable than tuberculosis, if it is discovered in time," Miss Jones assures.

The calendar for the school year 1928-1929 has been approved by the Pasadena board of education upon recommendation of Superintendent John A. Sexson. The same dates will doubtless govern for Sierra Madre schools, it having been the policy of the Sierra Madre school trustees to make the elementary school schedule coincide with that for junior and senior high schools.

School will start September 17 and the first semester will close February 1, 1929. School will close for the summer vacation next year June 21.

The following holidays were scheduled: November 11, Armistice day; November 29 and 30, Thanksgiving; December 17 to January 1, Christmas; February 22, Washington's birthday; March 20 to April 7, Easter vacation, and May 30, Memorial day.

FOR SALE: Pigeons, 115 pairs, Carneau and White King; fine squabbers. Will make special price to buyer taking all. Pens for sale, also. 226 East Montecito. Black 95.

Saxophone's History

The saxophone was introduced in 1846 by Adolph Sax, to whom are ascribed numerous other instruments. Four years later it was found in the French army bands and was afterward adopted in England at the royal military school of music at Kneller Hall.

Held Whiskers Sacred

If the beard has any standing in the world today, it is undoubtedly because of the Jews, who held their whiskers to be sacred, and swore by them. Later, the Turks did the same. The sultan's followers used to comb their whiskers after prayers, catch the hairs that came out, break them in two and bury them, on the theory that in some mysterious way the hairs helped to make soft walking to the gates of paradise. This the Turks firmly believed.

Thirty Women to Sing at Bethany Church Tonight

A chorus of thirty women's voices will be heard in concert this evening at Bethany Church, according to announcement made by Rev. William Duncan Ogg. The women are from the Bible Institute of Los Angeles, and have been touring the state. They have been enthusiastically received at each concert.

The thirty highly trained voices blend perfectly, according to those who have heard them, and the quality of the organization may be judged from the fact that they have won first honors in college and university groups at the recent Eistedfodds held in Southern California. There will be instrumental and vocal selections, as well as readings to fill out the evening's program, and a warm reception is urged for the young women.

Victor Jory Plays Lead In Pageant

Annual Ramona Pageant to Open at Hemet on Saturday, April 29

Completing a journey half way across the continent to play the part for the fourth time, Victor Jory, star of outdoor drama, has arrived at Hemet to take the leading role in the Ramona Pageant, spectacular historic drama, to open April 21.

On his arrival, Jory stated that the romantic features of the drama and the sentiment attached to playing the role for the townspeople of Hemet and San Jacinto led him to relinquish a position as leading man with a dramatic company in the Colorado capital to come here in response to an appeal by wire from Edward Poorman, president and general manager of the pageant.

The hero of the pageant is widely known for his appearances in the role of John the Baptist in early presentations of the Pilgrimage Play, as well as for his stellar performances in the drama of Ramona. He attained prominence in the Canadian revival of "Othello" as an open air production in Vancouver, and has toured the country with his own dramatic companies.

What's Doing At Theatres In Pasadena

THE FLORENCE

In "That's My Daddy," which opens at the Florence today, that theatre is said to be offering the ultimate triumph of wholesome screen entertainment. The story was written by Reginald Denny, who stars in this Universal farce.

The cast of the picture is exceptional, with Barbara Kent, Wampas star of 1927, playing the feminine lead and Lillian Rich, well known leading woman, playing the second lead. The story concerns the little girl befriended by Denny and is featured by a gorgeous wedding on board a palatial private yacht.

THE COLORADO

Richard Barthelmess's most dramatic screen role since "Tolable David" is the attraction at the Colorado Theatre this week. It is the screen adaptation of Willard Mack's famous stage success "The Noose," which entertained Broadway for an extended run. Opposite the star is Lina Basquette as Dot the chorus girl who sticks by him—while others in the cast include Montague Love, Alice Joyce, Thelma Todd and Ed Brady.

On the stage Lynn Cowan acts as master of ceremonies with his Jazz Jesters offering special arrangements of the latest song hits. The Fanchon and Marco production this week is the "Talent Opportunity Idea" and stars the winners of the Fanchon and Marco talent opportunity contests which were recently held up and down the coast.

Arctic Tern

Although the golden plover makes a longer continuous flight than any other bird, the arctic tern travels farther, breeding far North. It winters on the edge of the antarctic continent, 11,000 miles away. Incidentally, it enjoys more hours of sunlight in a year than any other living creature.

He Passed

"At one of our examinations," says a member of the faculty of a western university, "a nervous student had been instructed to write out examples of the indicative, subjunctive, potential and exclamatory moods. His efforts resulted as follows: 'I am endeavoring to pass an English examination. If I answer 20 questions, I shall pass. If I answer 12, I may pass. God help me!'"—Harper's Magazine.

Opening of O'Neil Play Great Event

'Lazarus Laughed' Will Be World Premiere of Unusual Drama

In the production of "Lazarus Laughed" by Eugene O'Neill, which will open at the Pasadena Community Playhouse April 9 for two weeks' run, Sundays excepted, Supervising Director Gilmor Brown has undertaken the greatest achievement of his career, and the Pasadena Playhouse has the honor of presenting a world premiere. Other commercial and non-commercial theatres so far have considered, but have not attempted to produce this awe-inspiring drama, with its Biblical foundation and musical background.

The reasons are obvious when it is known that in the cast alone more than 200 persons are required, who must be supplied with more than 300 costumes and as many masks; that more than 100 volunteer workers were organized to make costumes, masks and hand properties; that Arthur Alexander, well known teacher, composer and pianist, of Los Angeles, was drafted to write the beautiful music and train the choruses; that Katherine Edson, prominent dancer and teacher, was called in to train the cast in group movements necessary to the action, and that students in stagecraft, clay modelling and costume design at the University of California at Los Angeles, under the direction of Helen Lederwood, Mrs. Louis Sooy, Miss Virginia Van Norden and Miss Olive Newcomb made masks, dyed and painted costumes.

Irving Pichel is playing Lazarus; Miriam, Lazarus' wife, Lenore Shanewise; Caligula, Victor Jory; Tiberius Caesar, Gilmor Brown; Pompeia, Dore Wilson; Lazarus' father, Maurice Wells; his mother, Esther M. Gogswell; his sisters, Margaret Morrow and Dorothy Warren, Jerome Coray, Richard Menefee, William Earle, well known Playhouse favorites, will be seen in important parts.

They say that the Democratic party will present a unified front this year. Now it only remains to persuade the front and the back to travel in the same direction.—San Diego Union.

Daily Loss of Weight

The loss of weight that we undergo every day has been the object of recent research, says Science. In the experiments, conducted by the Carnegie Institution at Washington, two sensitive balances were used. Both were strong enough to weigh a man but delicate enough to register minute changes in weight. One of the balances would indicate a change of one-third of an ounce, and a person could sleep all night on its platform. The other was a hundred times as sensitive, but could be occupied only for an hour or so at a time. The total moisture losses through the lungs and skin of a woman of average weight averaged around 30 grams, or one ounce per hour; for a man the figure was about one-third higher.

Forgetful

The forgetful man got to the railroad station a few minutes before train time, but he felt he had forgotten something.

He looked over his baggage. It was all there. He felt in his pocket. His wallet bulged pleasantly. Absently he reached in another pocket and pulled out two tickets to Niagara Falls and a marriage license. So that was it!

He groaned and rushed to a telephone booth.

But it was no use. He had forgotten the name and telephone number of the girl with whom he had intended to elope.—American Legion Monthly.

Streams That "Meander"

"Crooked as the River Jordan," is an old expression, but there are streams that make Jordan look straight. In the old days when packet steamers were popular as transportation up and down the Mississippi, passengers used to get out at many of the sharp bends and walk across a narrow neck of land to rest from the tedious trip, the steamer arriving sometimes an hour later. The White River in Arkansas is another erratic stream. It travels 1,000 miles in traversing a distance of 30 miles.

Preference in Love

When we are told that we are loved for our body, but not for our mind, we not only are easily comforted, but frequently quite delighted. We feel that we are "loved" for ourselves, as we say. On the contrary, when we are told that we are loved for our mind only, we are generally insulted and hurt. We understand that we are loved for something that is really extrinsic and, in the final count, of slight merit.—Plain Talk Magazine.

Loveless Millionaires

In our secret hearts we don't tremendously admire the captains of industry and their kind, though we may envy them their power and wealth.—American Magazine.

No Royal Road

"The hardest way is almost invariably the best way," said Thomas A. Edison; and he went on to declare that whenever he achieved a result quickly and easily he always distrusted it and proceeded to test it by a different and more difficult method. The road to the heights must be steep and tortuous.—Youth's Companion.

Long-Life Trees

The white oak, button-wood, white pine and hemlock are long-lived trees, says the American Tree association, and the poplars, willows, some cherries, and a few oaks are short-lived. Some of the sequoias of California exceed the 3,000-year mark, and the big cypress tree of Tule, growing in the state of Oaxaca, Mexico, has been estimated from 4,500 to 5,000 years.

Sure Signs of Storms

A sudden and local motion of the air, not otherwise seen but by its whirling up the dust on a dry road in calm weather, is a sure sign of a coming storm. When swallows fly low is a sign of approaching rain. This is accounted for by the fact that before rain, insects which are the swallows' food fly very low, and the swallows always fly where their food is.

NEWSPAPER COMMENT

Aviators call the fogs and smoke which obscure the vision "smog." In politics such things are called "defining the issues."—Countryside Nonpareil.

A physician says the state spends twice as much on wild life as upon child life. Parents will find this a very puzzling distinction.—San Diego Union.

Captain Wilkins, Exploring Arctic Zone in Airplane, Is Safe.—Newspaper head line. Some people have a curious idea of what constitutes safety.—Arkansas Gazette.

There are thirty-three political parties in the new Polish parliament. At this distance the thing sounds like a senate composed entirely of Borahs.—New Yorker.

Continued survival of the Anti-Saloon League after the disappearance of the saloon is explained by the fact that as long

as whisky is here it will need a chaser.—Virginian-Pilot.

The heaviest blow will not fall, however, until Mr. Sinclair refuses to accept the \$160,000 which we honest republicans are going to give back to him, maybe, on the ground that he is particular whom he takes money from.—Ohio State Journal.

The Atlanta Constitution says there'll never be a monument to an unknown politician. Still, if they ever find a politician admitting he's unknown, he'll be worth a monument.—Arkansas Gazette.

Coming months should show whether the wide scope of Mr. Hoover's engineering training included anything about the proper guidance of political landlides.—Christian Science Monitor.

Qualities for Success

If you wish success in life make perseverance your bosom friend, experience your wise counselor, caution your elder brother and hope your guardian genius.—Addison.

To my Friends and Patrons

Mr. Charles E. Davis, who has been associated with me in the Meat Department for the past eleven years, has purchased the Meat Department and will continue to handle the same high grades of meat and poultry, and continue the same service that we always gave.

To the Voters!

The statement being circulated that I have made a combination with some candidates for City Trustees to further their election is an absolute falsehood.

I have made no combinations, either for the election or defeat of any candidate for City Trustee to be voted for at the election to be held on Monday, April 9th, 1928.

I am attending to my own business of seeking my own re-election as City Clerk and permitting the candidates for City Trustee to do their own electioneering without any efforts on my part to influence votes one way or another in favor of or against any one of them.

This latest canard is the last effort to place me in a compromising position and thereby try to influence voters against me for something which I positively assure you has no particle of truth in it.

L. DIETZ

Candidate for re-election
as City Clerk.

"DELTA"

The Brand that made our store known as headquarters for

Reliable Hose

The quality of "Delta" Hose has been strictly maintained all through the years.

If you want good hose buy "Delta."
